Osiguravanje kvalitete

- U kontekstu Europskog prostora visokog obrazovanja (EHEA) → EEA
- Relevantnost i izvrsnost budućeg EHEA
- Bolonjski proces → ESG → 2023 Bologna Process Implementation Report

HEIs have **the potential to drive major change** – improving the knowledge, skills and competences of students and society to contribute to sustainability, environmental protection and other crucial objectives. They must prepare learners to become **active, critical and responsible citizens** and offer lifelong learning opportunities to support them in their societal role.

Osiguravanje kvalitete - ESG

- Higher education will be a key actor in meeting the UN Sustainable Development Goals (**SDGs**) by 2030.
- Quality education → the hallmark of the EHEA.
- 2018 Paris Ministerial Conference → “Key Commitments”
 - the Qualifications Frameworks and ECTS
 - the Lisbon Recognition Convention and the Diploma Supplement
 - **Quality Assurance according to ESG.**
- 2020 Rome Ministerial Conference → [Rome Ministerial Communiqué](#)

- **ESG 1.1**
 - Politike i **procesi** temelji su svakog **koherentnog sustava unutarnjeg osiguravanja kvalitete** koji tvori ciklus **trajnog poboljšavanja** i doprinosi **odgovornosti** visokog učilišta.

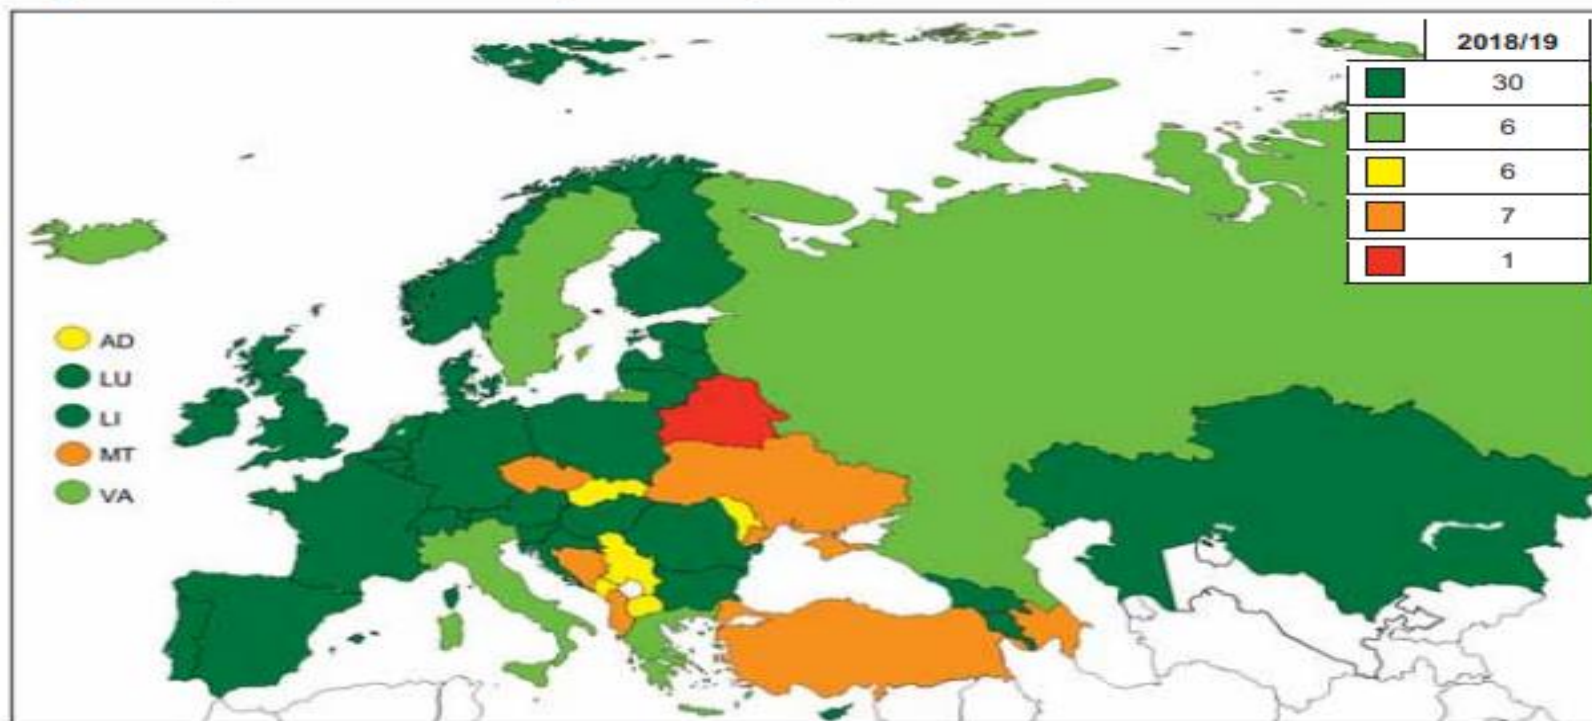

- **ESG 1.10**
 - Visoka učilišta **moraju periodički prolaziti postupke vanjskog osiguravanja kvalitete** → **katalizator promjena i nove perspektive.**

- ESG 2.1

- osigurati povezanost unutarnjeg i vanjskog osiguravanja kvalitete
- vanjskim osiguravanjem kvalitete prepoznaje se i podržava **odgovornost visokih učilišta za osiguravanje kvalitete**

Universities in 2030 -EUA

- When looking to the future, we envision **universities without walls**; these are universities that are **open and engaged in society** while retaining their core values. All of Europe's universities will be responsible, autonomous and free, with different institutional profiles, but united in their missions of learning and teaching, research, innovation and culture in service to society.

Hvala na pozornosti!
